

General Scholarship Scheme

The Government of India offers, every year, 20 scholarship slots to meritorious students from Indonesia and 10 scholarship slots to qualified students from Timor Leste to pursue their higher studies at Indian universities and colleges. The scholarships are awarded for studies at Undergraduate & Postgraduate level and in research subjects under M.Phil and Ph.D.

The scholarships are awarded by the Indian Council of Cultural Relations (ICCR) under its General Scholarships Scheme (GSS). Applications for scholarships under this scheme are invited in the month of December every year.

Applications need to be submitted to the Embassy of India in Jakarta only and not directly to ICCR or the University concerned.

Under the Scheme, Living Allowance, Contingent Grant, accommodation charges, Tuition Fee and other benefits, including medical and study tour to students selected for scholarships are provided. However, the cost of air passage to India and back is not covered.
