Texcon '18

Towards USD 300 Billion Industry by 2025

13 -14 December 2018, Hotel The LaLit, New Delhi, India

Global trends in the apparel, made-ups and textile industry are ominous and opportune.

With the presence of complete ecosystem from fibre to fashion, both in cotton and synthetics, an abundant and young labour force, a vibrant domestic market and a good starting point in exports, India has the unique advantage to capture this opportunity. However, shifts in the global apparel, made-ups and textile industry are going to be shaped by four major factors - Cost competitiveness, Ease of market access, Ease of doing business and Technical innovations.

To explore opportunities and discuss challenges, CII is organizing Texcon 2018 - "Towards USD 300 Billion Industry by 2025", in partnership with key stakeholders. The broad objective is to understand key levers which can accelerate growth and position India as a global manufacturing hub for the industry.

Confederation of Indian Industry

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering industry, Government, and civil society, through advisory and consultative processes.

CII is a non-government, not-for-profit, industry-led and industry-managed organization, playing a proactive role in India's development process. Founded in 1895, India's premier business association has around 9000 members, from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 300,000 enterprises from around 265 national and regional sectoral industry bodies.

CII charts change by working closely with Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness and business opportunities for industry through a range of specialized services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

Extending its agenda beyond business, CII assists industry to identify and execute corporate citizenship programmes. Partnerships with civil society organizations carry forward corporate initiatives for integrated and inclusive development across diverse domains including affirmative action, healthcare, education, livelihood, diversity management, skill development, empowerment of women, and water, to name a few.

As a developmental institution working towards India's overall growth with a special focus on India@75 in 2022, the CII theme for 2018-19, **India RISE : Responsible. Inclusive. Sustainable. Entrepreneurial** emphasizes Industry's role in partnering Government to accelerate India's growth and development. The focus will be on key enablers such as job creation; skill development; financing growth; promoting next gen manufacturing; sustainability; corporate social responsibility and governance and transparency.

With 65 offices, including 9 Centres of Excellence, in India, and 10 overseas offices in Australia, China, Egypt, France, Germany, Singapore, South Africa, UAE, UK, and USA, as well as institutional partnerships with 355 counterpart organizations in 126 countries, CII serves as a reference point for Indian industry and the international business community.
