EXPAND YOUR BUSINESS IN INDIA

• JOINT VENTURES
• TECHNOLOGY TIE-UPS
• OUTSOURCING / IN-SOURCING

The event coincides with the action packed 15th Auto Expo 2020 – Components at Pragati Maidan, New Delhi from 6th – 9th February, 2020. The Expo would see participation of over 1500 exhibitors from 20 countries such as Korea, Canada, Italy, USA, UK, China, Taiwan, among others. The Expo will focus on future technologies driving product innovation, efficient manufacturing and logistics. As the largest auto components show in this part of the globe, the event will be an unparalleled podium for business opportunities in the automotive sector.
OPPORTUNITY INDIA

The 5 Trillion Dollar Focus
India is already one of the fastest growing economies in the world. Government of India has been undertaking various measures to further improve the country’s economy and the industry’s growth perspectives with an eye on $5Trillion GDP by 2024.

Favourable business environment
100% FDI and no restrictions on import-export gives India an edge over the others. There are over 40 IPOs present in India.

Location advantage
India’s proximity to key markets such as South Asia, Africa and West Asia provides it with the right mix of opportunities with annual global export crossing 32mn.

Cost Advantage
India has the capability to produce high quality components at low cost, thus adding value through frugal engineering. India is the leading small cars’ and engine manufacturing hub globally.

Mission Green
With growing urbanisation and fight against climate change, the Government of India has been taking steps to support the automotive industry to leap frog towards electric mobility & embrace BS VI emission norms by April 2020.

Strong manufacturing capabilities
Working with multiple JVs and & exporting to 160+ countries, India is home to the most Deming award wins outside Japan, with enhanced manufacturing processes and keeping up with global standards.

Growing global sourcing hub
India has become a preferred sourcing and procurement base for most of the global automotive OEMs. India manages a range of Joint Ventures including 400+ technology tie-ups.

Indian Auto Market
- Largest Tractor manufacturer
- Largest Two-Wheeler manufacturer
- 2nd Largest Bus manufacturer
- 3rd Largest Heavy truck manufacturer
- 4th Largest Car manufacturer
- 7th largest Commercial Vehicle manufacturer

Indian Auto Components industry
- Another $25 Bn of investment is expected in the next 8-9 years within the auto component industry.
- Expected to grow to $200 bn by 2026.
- Exports likely to grow 5x in next 10 years.

WHY ATTEND?
PLETHORA OF AUTOMOTIVE OPPORTUNITIES

- Stringent emission norms: Introduction of Bharat Stage VI emission norms by April 2020
- Embrace electric mobility: Unfolding the road-map for electric mobility and infrastructure
- Industry 4.0 Digital transformation: Inclusion of newer technologies such as AI, Machine Learning and Internet of Things, among others are changing the dynamics of manufacturing and supply chain.
- Displaying various auto products

WHAT’S IN STORE FOR YOU?

- Several international delegations from countries such as Japan, Korea, UK, Canada, among others.
- Global OEMs, Component Suppliers, International Purchasing Offices(IPOs) and Government Representatives on one platform
- New opportunity around emission, safety, auto-electronics and next-generation mobility solutions.
- Opportunities for companies to engage, partner, ink tie-ups
- Networking reception
- Table display opportunity for international delegates/participants.

GLOBAL SME TECHNOLOGY PARTNERSHIP MEET 2020
- A B2B OPPORTUNITY

WHAT’S TICKING IN THE AUTOMOTIVE INDUSTRY?

- Several international delegations from countries such as Japan, Korea, UK, Canada, among others.
- Global OEMs, Component Suppliers, International Purchasing Offices(IPOs) and Government Representatives on one platform
